## E-Mail Correspondence - **Unsubstantiated Rumor**

Five Neighborhood Watch Coordinators have contacted me concerning an E-Mail correspondence that they received on January 24, 2007. It regards a robbery incident that occurred in Tucker (the Tucker area includes both DeKalb and Gwinnett Counties) where purses, jewelry, bank cards including PIN numbers, and a vehicle were taken from 2 females by force. When the stolen vehicle was recovered, a body, *allegedly*, was found in the vehicle.

**After talking to Tucker Precinct Command Staff, a Robbery/Homicide Detective Sgt., an Auto Theft Sgt., and two Crime Analysis officers, NO EVIDENCE WAS FOUND TO SUBSTANTIATE THIS RUMOR IN THE TUCKER AREA OF DEKALB COUNTY.**

The E-Mail correspondence was very **vague** offering no date as to when the robbery occurred, the specific location where it happened, or where the vehicle was recovered, etc. Unless **specific information** can be provided to me, by the original sender or anyone else, to research this matter further, it appears, at this time, that this E-Mail may contain erroneous or misleading information.
